Dave33333 Penske Attitude @NoOne/Nobody I thought the Wiki and other sources of Chris-Chan said to NOT actually give Chris any money in any form. Mainly because this guy is gonna fake medical expenses and shit for sympathy and as a result, make money from fools dumb enough to do so. And then SPEND that money on games and shit. Hell, this fuck sold his fathers stamp collection, even though the letter he gave Chris said to value what he has, and understand it. Anybody actually dumb enough to give Chris-Chan money must be really retarded, because they aren't really gonna get many luls at this point.
